About the Organization

Colorado People's Alliance (COPA) is a racial justice, member-led organization dedicated to advancing and winning progressive social change locally, statewide and nationally. COPA builds power to improve the lives of all Coloradans through leadership development, organizing, and alliance building.

Our work is conducted through a racial justice lens because we understand that systemic oppression is the root cause of the issues we work on. We believe that those who are closest to the pain should be the ones leading the work for change, which is why we have a member-led model to ensure our community leads our work.

COPA works on Economic, Climate and Immigrant Justice issues. We are fighting for clean air and clean water, for the dignity and humanity of all immigrants regardless of color or status, and for an economy that works for all of us, not just corporations.
